# Welcome

We are so pleased that you have joined us on this incredible journey. Each year we work through 12 themes so that by the end of the year you would have gone further faster! The 12 months are designed to help you build your business - to empower, equip and inspire you to take your business to a higher and higher level each year. We see you have great potential and so, rather than just offering you "networking", the Women's Business Club is about taking you on a journey step by step to realise that potential, and your dreams.

No matter how much you already know or how long you have been in business, there is always something to learn. This Annual Assessment is a guide to help you get the most from our club. Use this to help you review the progress you have made as well as plan what you want to get from the club each month.

More about each theme can be found at [www.womensbusiness.club/monthly-themes](http://www.womensbusiness.club/monthly-themes)

# Targets

How do you feel about how far you have come this year and what do you hope to achieve next year?
